### Hidria's glow plugs for IVECO

**Tolmin, 5.9.2017 - Hidria, the leading global glow plug supplier**, has been present in **IVECO 2.3L (F1A) and 3.0L (F1C)** engines for more than 10 years. These fit in two of the bestselling van models, IVECO Daily and FIAT Ducato. The aforementioned engines are also installed in PSA Group's models, Peugeot Boxer and Citroen Jumper.

Glow plug OE:	<b>11 721 818</b>
Glow plug AM:	<b>13 721 815 (H1 815)</b>
FIAT/CHRYSLER/JEEP:	<b>50 035 1992</b>
IVECO:	<b>27600323</b>
PSA:	<b>5960 A3 / 5960 A4 / 5960 K4</b>

It is recommended to change glow plugs regularly every 100,000 km to ensure their best performance. Make sure you always replace the OE glow plugs with their corresponding AM substitute. Hidria's glow plug H1 815 with its 5-year warranty is a perfect choice in this case.
